WHO WE ARE

National Pioneers Company (NPC) was established in 1981 in the city of Dammam, Saudi Arabia and has grown from being a contractor for a small number of projects to one of the most respected and diverse business groups in Saudi Arabia. With its corporate spirit, NPC has created world-class businesses in Marine, General Contracting, and Operation and Maintenance Services and has been vividly qualified by leading Saudi companies as an achiever of highly complex requirements and projects in all its operational domains. NPC is determined to continue its course in a steady and diligent manner to maintain ultimate customer satisfaction and remain perpetually committed to its valued Clients.

OUR MISSION

To become a leading global company in our target market sectors with the power and resilience to respond to varying market demands, providing reliable services, forming strategic alliances, focusing our efforts and long-term business planning to ensure a continued growth and prosperity for both our company and our clients.

OUR VISION

Apply our hard earned know how with emphasis on: Integrity, Innovation, Quality, and Safety to equip us with a competitive edge approach in our relentless pursuit of Operational Excellence.

QUALITY POLICY

National Pioneers Company

QUALITY POLICY

We believe that we are what we do repeatedly, therefore Excellence is not an Act but a Habit

"Consistently supplying services & products, in compliance with all applicable contractual, and statutory requirements. By providing this consistent quality of service, NPC aims to meet customer needs and expectations and further enhance customer satisfaction. NPC is committed to determine and meet customer requirements at all stages of work to the agreed quality, durability, value and time". Implementation of this policy is the responsibility of all employees. Policy decisions and directives are given by the top management for implementation. All departmental managers and supervisors are responsible for maintaining this policy throughout the organization. In order to maintain the company's strong foothold and leadership in a highly competitive market, NPC has employed trained and qualified personnel. All new employees are formally introduced to the Quality Management System and are trained for the use of all applicable procedures. The company is committed to evolve and improve in line with our objectives of continual improvements. The Quality Management System is subjected to regular monitoring and updating as and when necessary. Employees are encouraged to advise of any problems in implementing the system and to assist in developing the system by providing positive suggestions for improvement.

Chief Executive Officer
